PROVEN SAFETY

The ultimate windshield solution for uninterrupted views

There you go: Ultimate transparency and maximum safety don't need to be mutually exclusive. Because with Easy Glass® Max you can create safe decks without having to sacrifice a beautiful view.

Since the glass fillings are securely clamped in the aluminum base shoe, there are no posts or supporting structures that could disturb the view. Besides, Easy Glass Max is designed to withstand extreme wind loads. A real strongman among all-glass railings.

Install Easy Glass Max on patios at private houses, at decks on high-rise buildings as well as at restaurants or swimming pools.
